Heinemann USA, United States, 2000. Paperback. Book Condition: New. 239 x 188 mm. Language: English . Brand New Book. For too many years in too many classrooms, social studies has been something that is done to students - with no real bridge between students experiences and the pursuit of social values and moral citizenship. They support an integrated approach to social studies teaching and place the subject at the center of the entire school curriculum. In addition to providing a large repertoire of learning strategies, Lindquist and Selwyn demonstrate how intermediate and middle school teachers can put social studies skills, content, and knowledge at the center of their school day - with benefits that are reaped beyond the social studies period. Two units are provided as models: one on geography and the other on history. An entire chapter is dedicated to responding to both common and uncommon questions about the teaching and learning of social studies. Another details sixty-eight practical integrative strategies that teachers can put to immediate use. Favorite resources and websites are shared, and a brief review of national...
