Reviews

This pdf is worth buying. It is actually written in basic words and not confusing. It has been printed in a remarkably basic way in fact it is merely following. I finished reading this publication through which really altered me, affect the way I really believe.

(Dr. Linwood Lehner IV)

GLOBALIZATION AND COMPETITION: WHY SOME EMERGENT COUNTRIES SUCCEED WHILE OTHERS FALL BEHIND

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2010. Paperback. Book Condition: New. 222 x 152 mm. Language: English . Brand New Book. Globalization and Competition explains why some middle-income countries, principally those in Asia, grow fast while others are not successful. The author criticizes both old-style developmentalism and the economics of the Washington Consensus. He argues instead for a new developmentalism or third approach that builds on a national development strategy. This approach differs from the neoliberal strategy that rich nations propose to emerging economies principally on macroeconomic grounds. Developing countries face a key obstacle to growth, namely, the tendency to overvalue foreign exchange. Instead of neutralizing it, the policy that rich countries promote mistakenly seeks growth through foreign savings, which causes additional appreciation of the national currency and often results in financial crises rather than genuine investment.
